purposes.

The discussion was prolonged to a considerable length and finally dropped, without any action being taken in the matter. One alderman remarked during the discussion that the water was in the pipes and the people could use it if they desired to, and if they did not it was no fault of the city.

desired to, and if they did not it was no fault of the city.

A very interesting discussion was opened Mr. Darter relative to the opening up of Throckmorton, Texas, Tenth and Eleventh streets through that plot of ground known as "Hyde park." He demonstrated on a map he had drawn how the triangular piece of ground where the streets named are brought to an end could be so divided as to make through streets of them all without doing any in-

Newspaper Report of the Big Dinner.

"All the gastronomic wonders that the combined skill and ingenuity of best chefs de cuisine could command were set before the banqueters." You, know the rest. They over ate themselves. This brought on indigestion. Indigestion is followed by chronic dyspepsia. Habitual attendants on big dinners have a sad experience in this line. But it is good to be a sad a same at the same transfer of the same transfer on the same transfer on the same transfer on the same transfer or the same transfer of the same transfer or the perience in this line. But it is good to know what Brown's Iron Bitters can do for the confirmed dyspeptic. Mr. W. C. Welch, Pella, Iowa, was troubled in this way, but gratefully says, "I found relief by using Brown's Iron Bitters."

Lock Horns at the Court-House and Discourse on Prohibition to an Appreciative Andience.

What was Expected to be a Logical Debute Turns out to be a Pandemonium -Wheatley on Deck.

A hand-blil was distributed in the city Colored Women's Missionary Society. yesterday announcing the fact that there streets of them all without doing any injustice to properly owners. This was regarded as an important matter, and will receive municipal attention shortly.

City Autorney C. will receive municipal attention shortly.
City Attorney Capps was granted further under advisement and against the city. The attorney was of the opinion that the claim of smith & Barton against the city. The attorney was of the opinion that the claim was unjust and could be defeated in suits. It was also ordered that in case Mr. Capps was called away to defend the damage option of the course of the course of the course of the court house and found there, in the district court house and found there. reached the court house and found there, in the district court room, a crowd of at least four hundred men, also touch at least four hundred men also touc logical debate on the question which is Corsicana delivered a very appropriate the court house, were a series of yells, hoots and cat-calls. Ascending the stairway and entering the room, the scribe settled down to business.

settled down to business.

Mr. Leonard C. Harrold occupied the speaker's stand, and was endeavoring, in a modest way, to enlighten the mob (that is what the crowd was) on prohibition. It was only at times when "the boys" gave their lungs a rest that the reporter could catch a few words attered by the speaker. His speech, if delivered without interruption, may have been a good one speaker. His speech, if delivered without interruption, may have been a good one in some localities, but it showed up rather badly last night. The first words caught by the reporter were about as follows: "It is claimed by the friends of prohibition that whisky is the cause of all crime! I deny this. Crime is hereditary, just as is consumption. If a man steals, if a man commits murder, it is be-Court Notes.

Monday was the last day for serving civil process in the county court.

Yesterday J. B. Mitchell & Co. filed their suit against J. M. Esters et al., seeking to recover judgment for the sum of \$275 and does on first two payments for a Bay State portable engine. The defendant had given a chattel mortgage on the engine and the suit was for a force closure. Defendants waived their rights and accepted service.
